

1. Introduction to American Split ARG and Debut Album

American Split ARG is a thrilling alternate reality adventure that revolves around the themes of our debut album, 'American Split.' The album deals with important social issues such as racism, sexism, homo/transphobia, the threat of A.I., and more. Our music speaks to the heart of the matter, and the ARG gives you an opportunity to take action and make a difference in the world.

The offline board game rules and gameplay are also based on the album cover, with players rolling a blue 6-sided dice to move around the board. Along the way, players encounter four transportation challenge categories: ACTION, SHARE, KNOWLEDGE, and ALTERNATIVE. These challenges involve sharing opinions and activity among game players and the world at large.

One of the standout songs on the album is 'Stand Up.' This anthem is a call to protect a woman's right to her own healthcare, and it features a powerful message about the overturning of Roe v. Wade. The lyrics encourage listeners to stand up and take action to protect reproductive rights.

Another key track on the album is the eponymous 'This My America.' This song is an indictment of the current state of the country and a call to action for people to take their issues to the streets and make America represent all of the people in the United States. It's a powerful reminder of the importance of standing up for social justice and fighting against oppression.

American Split ARG Board Game allows you to play online and off and encourages you to make a difference in the 5 categories of action: Love & Romance, Racism, Sexism, Homo/Transphobia and The Threat of A.I.

1 Transportation Challenge Categories.

Uncover new ways to get involved with ACTION, SHARE, KNOWLEDGE and ALTERNATIVE Challenges for every category which involves sharing opinions and activity among game players and the world at large.

inside each letter of the words American Split on the album cover. Players roll a blue 6 sided dice until they land on the '#' symbol where the other game players choose a card for the player and read to them the Point Values for each Transport Challenge Category. The player chooses one of the four categories and hears the challenge. The player can take the challenge to get the points, or have the other players choose a second card with a category of their choice that gives the game player ½ of the points allotted for the challenge.

To get from Split to American you must pass the gatekeeper represented by a woman waiting for a subway about to be eaten by a shark. On this space, players get three chances to roll a 7 with a red 7 sided dice. If they get a 7, they move up to the N in American, if not, they go back to the beginning of the game.
